“We have been able to host our charity tournament at Cranberry Golf for many years now. They always provide consistent, professional and friendly service to all our participants. This has allowed us to grow our tournament over the years and provide greater resources for our charity as our sponsors and golfers have enjoyed themselves on this attractive yet playable course.

The golf staff went beyond the normal quality of service during the pandemic summer of 2020. We didn't know how to pull off a quality experience for our golfers, but the golf course staff had this all figured out. The day went off without a problem, golfers enjoyed themselves (even though socially distant) and we raised a great amount for the charity.

Thanks to all the staff at Cranberry Golf.”
